AMEND Senate Bill No. 1644

House Bill No. 1439*

(a) To facilitate the development and expansion of industry and to provide access to industrial areas, the department is authorized to use any powers granted to it under current law and this part to develop and construct industrial highways when there is a finding made jointly by the department and the department of economic and community development that the industrial highways are an appropriate and cost-effective means to secure the development of an industrial site or park.

(b) Municipalities are authorized to use any powers granted to them under current law and this part to participate in the construction and maintenance of the industrial highways.

(c) Each municipality shall be responsible for the maintenance of any industrial highway within the area of its ownership or control.

(d) Any industrial highways constructed under this part may be designated as a controlled-access highway under chapter 16 of this title.

SECTION 4. Tennessee Code Annotated, Section 54-5-404, is amended by deleting the section in its entirety and by substituting the following language:

The department is authorized to enter into agreements with municipalities regarding the acquisition of rights-of-way adequate for present and foreseeable needs and the proportion of preliminary engineering, design, and construction costs to be paid by the state and by the municipality.

SECTION 5. Tennessee Code Annotated, Section 54-5-405, is amended by deleting subsection (a) in its entirety and by substituting the following language:

(a) The state shall not share in the cost of constructing any part of an industrial highway within an industrial site or park or privately owned tract of land, unless the part of the industrial highway is a link in a highway serving areas beyond the industrial site or park or privately owned tract of land, in which case the rights-of-way or easements shall be conveyed to the state or municipality, as in the case of other highways.

SECTION 6. Tennessee Code Annotated, Section 54-5-406, is amended by deleting subsection (a) in its entirety and by substituting the following language:

(a) In effectuating the purposes of this part, the department is authorized to use highway funds not specifically allotted by legislative action to other categories of highway construction and maintenance.

SECTION 7. The provisions of this act shall not be construed to be an appropriation of funds and no funds shall be obligated or expended pursuant to this act unless such funds are specifically appropriated by the General Appropriations Act.

SECTION 8. This act shall take effect upon becoming a law, the public welfare requiring it.
